2025 Christmas Baskets Campaign

Filled with hope, Ivorians have diligently sent their lists to Santa Claus, who, seeing the distress of many recently expropriated families, will soon be leaving the North Pole for a long journey to Africa. This year, in addition to pulling a sleigh overflowing with food and surprises, the reindeer will have to deliver an extra order to the pediatric ward at Cocody University Hospital, which, sadly, lacks the bare necessities for caring for newborns (socks, pajamas, diapers, wipes, formula, medication, etc.).

Note that we have added a fourth option to our form. This option will allow you to contribute to the cost of dialysis for children suffering from kidney failure. This treatment costs $875 and is provided at the Pediatric Nephrology Unit in Abidjan.

DONATE!

To make a donation, visit : www.lincco.org/en/ or mail the completed form with your cheque to :

LINCCO
